“THE DAMN AUDITION”

**AN EVIL COMEDY ABOUT EVERYDAY EVIL WRITTEN AND DIRECTED
BY FRINGE FESTIVAL FAVORITE JOSEPH SCRIMSHAW.**

“What’s Up, Satan?” is the hottest television pilot in LA. Only three actors remain in the audition room of hell. What won’t they do to land the lead role of Lucifer?

The Damn Audition is an intelligent, fast-paced comic play presented by Joking Envelope—a new comedy company recently formed by Scrimshaw and his wife Sara Stevenson Scrimshaw.

The show features a truly all star cast of Twin Cities acting talent: Equity actor and star of the Guthrie’s recent production of “M. Butterfly”, **Randy Reyes***, as an inexperienced actor brand new to LA; Fringe Favorite **David Mann*** as a frustrated LA character actor; **John Middleton** as a deranged former child star; and **Maggie Chestovich*** and **Joseph Scrimshaw** as artistically obsessed casting agents.

The Damn Audition will play as part of
THE 2010 MINNESOTA FRINGE FESTIVAL
at the U OF M RARIG THRUST STAGE
